

Air Care

AromAire

Breathe Easy

The AromAire continually releases an effective amount of air neutralizing formula into the targeted area to provide your facilities with consistent air quality for a positive smelling washroom.

Why outsource air care?

Smell Matters

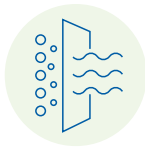

Research shows that washroom users will evaluate the cleanliness of your washroom with smell, before sight.

Make a Positive Impression

Washrooms are small, but make a big impression. Ensure your visitors have a good user experience and positive association with your business.

Reliable, Hassle-Free Service

Our expert technicians do the dirty work so you don't have to.

Product Overview

Continuous Odour Control

- Fragrance oils are diffused in a “smoke-like” mist, eliminating the odour molecules
- Unlike traditional systems, AromAire diffuses into the air as vapour, covering the entire space and preventing any damage to walls

Suitable for Challenging Spaces

AromAire can be used for ambiance enhancement and odour control in challenging areas like washrooms, waste-holding rooms, and larger areas.
