

8 steps to get back to work safely

Protect your people and premises.

Start

Sanitize Surfaces

Our **Sani-Defense and Sani-Plus** Service will sanitize all larger shared spaces quickly and efficiently.

Sanitize Your Air

Designed with innovative technology, the **Jade** works to surgically clean, purify, and remove almost 100% of air pollutants, viruses, bacteria, and fungus that can be present in indoor air.

Dispose of PPE Properly

The **World Health Organization** states that one-time use masks and gloves should be hygienically disposed of using a **closed bin**.

Make PPE Available

Citron Hygiene is able to supply **masks and gloves** to minimize the spread of viruses.

Clean Surfaces

Talk to us about **surface wipes** to ensure all your shared surfaces, desks and equipment are kept spotless.

Keep Hands Clean

Install **hand soap and hand sanitizer** dispensers to keep hands clean.

Touch-Free Disposal

We are the experts at removing all your personal hygiene waste professionally and discretely. **Don't risk the spread of contagious viruses** such as Hepatitis A, B, C, and Covid-19.

A Touch-Free Washroom

We supply all washroom solutions, such as **AutoFaucet, AutoFlush, AutoSoap, and Toilet Seat & Fixture Cleaner** to ensure hygiene is paramount.
