

Incontinence Care

A Solution to a Common Issue

Adults on the go appreciate enhanced convenience and a dignified means of disposal for incontinence products.

Why offer incontinence waste disposal in your washroom?

Address Unpleasant Malodours

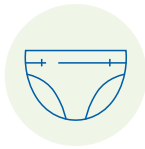

Proper disposal systems for incontinence waste are critical to addressing odours, avoiding offensive waste in regular trash cans, and potential plumbing issues from flushing.

Reduce Cross-Infection Risks

An exclusive disposal system for incontinence waste helps reduce cross-infection risks, promotes hygiene and ensures waste is handled appropriately.

Reliable, Hassle-Free Service

Our expert technicians do the dirty work so you don't have to.

Product Overview

Hygienic Design

- Our disposal unit has a foot pedal for no-touch operation, and a large opening for ease of use
- The contemporary design and large capacity make this unit well suited for any public washroom

Inclusive and Discrete

About a quarter of men and women suffer from urinary incontinence. Give your customers the discretion they deserve to dispose of their products appropriately and with dignity.

Let us do the dirty work so you don't have to

Citron Certified Hygiene Technicians maintain each dispenser on a pre-determined schedule.

All sanitary waste is removed discretely from the client's premises.

All Citron Hygiene's disposal systems include DIN registered Actiwipe, our exclusive non-liquid disposal agent designed to treat sanitary waste.
